Guest Lecture on “Technology Trends and In-House Requirements”

Date: 18-08-2023

Our Department of Computer Science and Engineering organized a guest lecture on “Technology Trends and In-House Requirements” by ExcelR Edtech Pvt. Ltd. The session was aimed at providing students with insights into the latest advancements in technology and their relevance to industry-specific needs.

The session began at 10:00 AM, with the guest speaker delivering an engaging presentation on key trends shaping the tech industry and their practical applications in in-house development.

Topics Covered in the Lecture:

1. Emerging Technologies in the IT Industry

- Artificial Intelligence and Machine Learning
- Internet of Things (IoT)
- Blockchain Technology
- Cybersecurity Trends

2. In-House Requirements for Industry Readiness

- Skillsets Required for Industry 4.0
- Agile Methodologies in Software Development
- Importance of Cross-Disciplinary Skills in Modern Work Environments

3. Practical Applications of Technology Trends

- Automation in Business Processes
- Use of AI in Predictive Analytics
- Cloud Computing for Scalable Solutions

4. Hands-On Insights into Cloud Computing

- Benefits of Cloud Solutions for Businesses
- Types of Cloud Models: Public, Private, and Hybrid
- Security Considerations in Cloud Adoption

5. Bridging the Gap Between Academia and Industry

- Importance of Continuous Learning
- Role of Certification Programs in Career Growth
- Building In-House Competencies for Future Technologies

All Third-year students have participated in the Guest Lecture concluded with a vote of thanks by Mr. K. Koteswara Rao, HOD CSE, RKCE.
