LETTER OF RECOMMENDATION

It gives me immense pleasure to recommend one of my best students, Mr. N MANOJ KUMAR for pursuing his higher studies in your esteemed institution. Considering all his personal qualities, he can be placed among the top 5% of the students that I have come across during my teaching experience in the present college where I teach a wide spectrum of students.

I taught him courses like Design and Analysis of Algorithms (DAA) and Data Science and also Data Structures. Through my observation, I can say that he is very attentive and always possess a positive attitude towards academics, practical aided learning techniques. His alertness in the classroom and his involvement in practical work, we worked for several courses and research related discussions in which he confidently spoke about his aspiration towards higher education. As a person he is always ready to take up responsibility and carries out his duties with utmost dedication.

Mr. N MANOJ KUMAR is a student with self-reliance and good levels of self-confidence. He has good leadership skills and the way he motivates himself and his fellow-mates in difficult times to achieve success is quite remarkable. He pursues good emotional maturity and motivation at the same time he has good zeal for advancement in academics. Mr. N MANOJ KUMAR has the ability to grasp a new concepts with ease and orally and in writing. I think all the above qualities make his suitable for success in graduate studies.

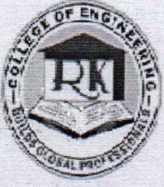

In view of his overall performance as a student, I recommend him strongly for admission in your esteemed university with a positive financial aid that would be helpful for his masters.

LETTER OF RECOMMENDATION

I am pleased to recommend Mr. BATHINI GANESH KUMAR REDDY for admission in to the MS program at your prestigious university. In my capacity as the Head of the Department of Computer Science & Engineering, I have taught him subjects like Object Oriented Programming JAVA, Advanced JAVA Webtechnology & Object Oriented Programming Lab All these have given me a good chance to analyze his potential both academically and otherwise.

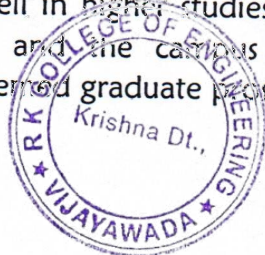

He has a great quench for knowledge and an ability to assimilate new knowledge and relate-it to the previously acquired knowledge. I am impressed with his ability to balance his academic and co-curricular activities. He was a class representative since second year and has always fulfilled his responsibilities winning appreciation from faculty members and students.

He has a good communicational skills and excellent management skills. His lab work was disciplined and creditable. His competence and efficiency is proved by his academic excellence and I can rate him to be among the top 1% of the students I have monitored.

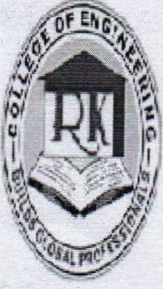

I have found his to be ambitious leader and terrific team player. He readily grasps new concepts and interprets them appropriately. It is my belief that these qualities would make him an outstanding student for your program and your program will be helpful in providing Mr. BATHINI GANESH KUMAR REDDY with the highest skill experience and qualifications for his future endeavors.

In summary, Mr. BATHINI GANESH KUMAR REDDY is an intelligent student who will do well in higher studies. His efficient time management skills will ensure both the class and the campus life. Hence, I strongly recommend his candidature to your esteemed graduate program.

TO WHOM IT MAY CONCERN

With utmost enthusiasm, I'm writing this letter of recommendation to endorse **Ms. Meragani Jahnavi** application for your program. I have known **Ms. Meragani Jahnavi** in my capacity as her Professor for over five years and I hope that my year's worth of perspective in mentoring numerous business students will enable you to evaluate this exceptional candidate.

In terms of aptitude, motivation and hard work **Ms. Meragani Jahnavi** has always been a fine student. Her performance can be interpreted through her clear concepts and strong fundamentals, which have always enabled her to grasp new ideas and topics with relative ease. She is an independent thinker and is always seeking to learn new ideas and concepts. She has shown great dedication by venturing beyond the scope of the subject ideas.

In all my classes, **Ms. Meragani Jahnavi** has been an active participant in classroom discussions. She has always submitted her assignments and project reports well before deadlines and she is well focused with a keen interest in the practical application of the subject. She has successfully been part of the student council as the cultural secretary of the college and has held the college in high prestige and organized events and festivals exceptionally well. What struck me instantly was her commitment to her work and her desire to achieve excellence in whatever she undertakes.

She has constantly been working hard on building his interpersonal skills, honing her leadership ability, and gaining hands-on experience in operations management. I have seen her demonstrate strong critical thinking skills and the leadership capabilities necessary for success in the management field. I sincerely believe **Ms. Meragani Jahnavi** will bring her unique energy, optimism, passion, and tireless creativity to your class and University as a whole. So, she has my highest wishes for admission in Masters as a candidate with sharp skill set.

LETTER OF RECOMMENDATION

It is a true pleasure for me to write this letter of recommendation for **Mr. MARELLA SAITEJA REDDY**, I have known him for the past three years. I have come across many students in my profession and I have found him to be one of the most sincere and hard working students. He has demonstrated great analytical skills and interpersonal skills. Hence, I take my privilege in writing this letter recommending him for the masters in your university.

Relationship with this particular student become when I handled subjects like Electronic Devices and Circuits (EDC), Micro Processor & Micro Controllers (MP & MC), Electronic Devices and Circuits (EDC), Micro Processor & Micro Controllers (MP & MC) lab. He had performed exceedingly well in the academics and in the labs as well, scoring excellent grades in both.

Doing well academically has not limited his involvement in other sectors. He has the better thinking and analytical ability to discern problems in a broader perspective and does shy away from expressing his opinions and thoughts. On a personal level **Mr. MARELLA SAITEJA REDDY** is an ambiguous person showing a lot of enthusiasm for cultural and extra-curricular activities. He has successfully been part of the NSS student council of the college and has represented college in organized events and festivals like paper presentations, model exhibitions exceptionally well.

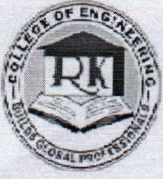

I have the deepest personal and professional respect for him, and sincerely believe him with bring his unique energy, optimism, passion and tireless creativity to your class and university as a whole. Thus, he has my highest endorsement for admission into his desired course at your university.

LETTER OF RECOMMENDATION

I take great pleasure in introducing one of my special and diligent students T Durga Rao. I have known him for the past three years in my capacity as Associate Professor of the Department of Mechanical Engineering and course instructor for the courses of **ROBOTICS** and **HEAT TRANSFER**. I have also guided his laboratory sessions in **CAD & CAM**. He has put in a commendable performance in these courses and I had an opportunity to observe his academic, technical and humanistic aspects both at professional and personal levels.

I have had sufficient time to analyze his endeavors and I can tell that he is a person worthy of recommendation. Being his instructor for major subject I found him to be a student of almost dedication, who completes any assigned task with the minimum of guidance. As a lab instructor and through our interaction during lab classes, I was impressed with his involvement and methodical approach towards his course work.

T Durga Rao is a conscientious student who has a positive attitude towards education and is very decisive in his quest for academic growth. His clear understanding of fundamental engineering concepts has enabled him to grasp new topics with relative ease. This ability along with his perseverance and analytical bent of mind will help him excel in his chosen field of study. Apart from studies he had active involvement in college co-curricular activities.
